

LEGEND mini

Rhodium Coated

The LEGEND™ mini Rhodium Coated features the same benefits than the standard one with a better aesthetic. LEGEND mini is manufactured by **Computer Numerical Controlled (CNC)** precision milling process using aerospace steel to avoid any variation normally associated with metal injection molding. LEGEND mini features anatomically correct bonding pads for maximum bond retention.

Design Features

- Made from aerospace strength steel
- Tumbled for a highly polished and better looking bracket
- Rhodium coated for ta better aesthetic
- Laser-fused hook options designed for malleability and strength
- Anatomically correct bonding pad for each tooth
- In/Outs compatible between medium & mini

The **LEGEND** collection is manufactured by **TOMY Inc.** in Yumoto, Japan. Orthodontists around the world have used and adored TOMY brackets since their first bracket system launched in December of 1961. As of today, TOMY has grown to be one of the most respected bracket manufacturers in the world.

LEGEND is available in a standard and mini size; metal and rhodium; and a variety of prescriptions.

Bracket & Wire Combination

Pair **LEGEND** with our **Initialloy**, **Bio-Active** and **Bio-Edge** thermal NiTi arch wires for increased patient comfort and treatment efficiencies. Rhodium-coated arch wires also available for a completely discrete orthodontic bracket system.
